SET SPACE

SST LOTTERY SYSTEM

The SST Lottery System is a system that distributes SST tokens to its holders through special draws. The main purpose of the system is to reward the loyalty of Set Space Token holders and make Set Space Token a community project that gives prizes through the biggest draws ever. Developed in line with the main purpose of the SST Lottery System, the system starts from the creation of the Set Space Token Universe and continues with an endless process.

The main components that make up the system and ensure that the lottery draws continue endlessly are transactions, SST Swap, SST Games, SST NFTs, that is, all components of the Set Space Token Universe. The prizes to be distributed in the lottery draws are accumulated in a wallet created with the name of the Rewards Wallet.

Token Accumulation

In the Set Space Token universe, every transaction, every process on SST Swap and every game played on the online game platform accumulates Set Space Tokens in the Rewards Wallet.

REWARDS WALLET ACCUMULATION

- %2 from All Transactions
- %2 from SST Games - players win against players
- %2 from SST Games - player lose against players
- %2 from SST Games - players win against SST Games
- %10 from SST Games - players lose against SST Games

Accumulate SST tokens to Rewards Wallet.

Lottery Rules

- The accumulated tokens are distributed to holders through lottery draws on special occasions and moments with the SST Lottery System.
- Holders will enter the lottery draws by submitting a request to participate.
- Holders can participate in the lottery by providing the necessary information from the Lottery Draw section, which will be active on the Set Space Token site during the draw week.
- Holders will not be charged any fees for participating in the draws.
- Holders participating in the draw will be given tickets according to the amount of SST tokens they have in their wallets from the moment the draw is made, that is, the countdown ends.
- Depending on the increase in the number of tickets given to the participant, the probability of winning from the prize distributed and the amount of winning from the amount of distributed prize will increase.
- The type, date, countdown information, draw results and winners will be announced on the Set Space Token site, telegram groups and social media platforms.
- The size of the lottery is determined by the size of the special event, and there are three special types of draws.

Types of Lottery Draws
